

Energy Efficiency Program for Business

Tiered Bonus Program - Now Extended!

Participating Contractors in good standing can receive a tiered bonus on electric base rebates. Bonuses decrease over time and funds are limited so get your application in early. Project must be complete with a complete final application submitted by the dates below.

January - May

20% per project
bonus rebate

June - August

10% per project
bonus rebate

Sept. - Dec. 23 (NEW)

5% per project
bonus rebate

- Applicant must be a Participating Contractor to qualify.
- Offer available on new final applications submitted from January 18, 2024 through Dec 23, 2024. Available on electric base rebates only.
- Bonus rebates paid directly to Participating Contractor with no cap.
- Bonus will be paid on a first come, first served basis and is subject to end early based on available funds.
- May apply for bonus on multiple projects.
- Bonus will automatically be applied to application at the time of review.
- Participating Contractor must be in good standing at time of final application submittal. 2023 Participating Contractors must attend training and submit form by March 31, 2024 to maintain 2024 Participating Contractor status.
